KYLE **HUBBARD**

Kyle's a versatile young developer looking to join an ambitious community, aggressively deliver results, and strengthen his technical know-how. He takes practical steps to achieve lofty goals, communicates his needs effectively, and balances breadth and depth in his learning.

- Works comfortably with Python, Django, Javascript && React, Node, Webpack
- Has a systems level awareness fit for digesting the full stack
- Conceptualizes new languages quickly and with little guidance
- Enjoys dialogue and facilitating team brainstorming sessions
- An achiever that faces down tight deadlines and prioritizes tasks
- Is humorous, slow to speak, quick to act, and plays well with others
- A dedicated learner, often studying physics and biology, to sociology and history

---

Cobri

REFERENCES

"I'd wholeheartedly recommend Kyle Hubbard to any organization that is looking for a talented, deeply intuitive and hardworking member of their team. Kyle pursues not only the financial well-being of organizations he is involved with, but also the personal development of everyone on teams he joins. His wit, smile, and passion for improving the world are infectious and will be lasting assets to any business!" ~ **Jacob Gadikian**

"Kyle is a systems thinker and innovative trailblazer. He is thoughtful in his pursuits and excellent at making connections on the ground. Kyle is a leader as well as a great team player and particularly adept at adapting strategies to changing contexts and developing meaningful partnerships." ~ **Julia Babcock**

"Definitely age is not a parameter with Kyle as he acquires skills extremely fast. Optimistic, enthusiastic and contagious, he carries a lot of energy to keep the team up and running. His social skills got us more contacts and connections we could imagine and, even though it was not precisely his role, he also worked with both software and hardware. He represented and managed the team and foundation of Cobri in an exceptional way and he is 100% reliable and committed. " ~ **Jonathan Pilossof**
